

Boston Sept 26. 1837.

Dear Debora, I believe I wrote you last on Wednesday
a week ago to day. Thursday, Henry went to N. Y. Mary
Ann came and Miss Grey of Groton, & the others her
nerves. Miss G returns to Groton & passes the winter there.
Friday morning Mrs Darke called at Maria's to say
that Henry & Everett were going out to Weymouth & could
take me if I accordingly were and stay till Monday. I
found all well there. Aunt Mary is coming into town to
make a visit the last of this week, that is as soon as her
annual meeting is over. She is looking very well indeed
which she imputes to her cold winter this year. All the
rest of the family seem pretty comfortable. Henry & I
come in town together in the stage. He leaves tomorrow
for Worcester, as he designs to take the annual meeting
in his way. I mean the Quaker meeting. Henry Chapman
is going and Mary & Caroline. Probably the lecture is to
be fought out there, as I understand it is, Gulliver & one
going up or rather have gone to day. I do not know a
single man to be depended upon save Amos. He, I think is strong.
Mary Parker is feeling bad because Maria wants to denounce
the Free Church by name in our Report. Whittier appears to be
somewhat slying off, that is, he dodges responsibilities. I trust
that God will overrule matters at Worcester, for the poor pit
seems to me dark. I mean, there is no eloquent man to be
there who could darken the counsels of the enemy. How Geo
Thompson could pester them. But "patience counts & shuffle
the cards." Theodore Weld has written to A.C. Grinke 9 pages
urging her not to bring up the woman question. What a fellow
he is. Angelina Grimké was here this morn inc. Melania
was confined on Sunday & has a mighty little girl, weighing
but 5 pounds. I fear Ange will make a match but cannot
say. Mr A is going to pass this winter in the West Indies.
Sophia Davenport thinks of going back to the West in the
course of a few weeks. Mary Ann goes to King's Hall tomorrow
to stay a few weeks or I believe only a fortnight. We have
one new scholar. Mrs Bowles' daughter. Mrs B was a Miss
Marten Lydia. Fannie Beal died last Wednesday. She did just

suffer much during the last day or two. Ann Maria Hunt
is nearly gone. She was prayed for Sunday, & Mr P spoke of
her as one in the enjoyment of religion feeling &c. I suppose
with Mr. that there is not much required of her. Mrs Kick-
ets on called on Maria yesterday morning, but she was out.
At noon however Henry & she called there, but again she
& Joseph were out. In the afternoon Maria & I went, since
she was out, but in the evening when they called at
West St I found them gone they proceeded to Charlevoix
pl, where I believe both parties had an edifying time.
I hope to see Mrs R before she leaves. I will send Miss Grinches
appeal as you wish. As to the Liberator, I have ordered it
to be sent, but I will go again R.W. goes on Friday next. He
went to the theatre last evening, but - Rome was not built
in a day ^{etc}. His fidus amates John has gone to St Louis, at which
I rejoice. Mary Ann Perkins is engaged to a man named Jenkins
of Abington. I had a note from S. C. which I will inclose, we
think it contains very news. I hope to get up a clasp for Maria
but my plan is yet in embryo.

Thursday, Dear D, this w^ork all written day before
yesterday. I inclose letters from Caroline in Worcester. You
will learn by them the state of things. I kept school yesterday
& am keeping to day. Get on pretty well though I am suffering
considerable from an inflammation on my lungs. I don't call
it any thing else, but I am sure I don't know how I have
taken the least cold. One thing more. Knapp has sent me
a bill "100 words for pen wipers \$1. I suppose this is Lison
Isabel's account. Henry in a week or two is going to pay me \$3
for you of the interest on Anna's money. It is paid semi annually
Shall I take a dollar from that & pay Knapp & then
you get it from Lison, or shall I make out a bill in
Knapp's name & send to Lison, write me word. Don't
forget. Gradually way! Present the above
& done! M.W.C.

Mario wrote the above while I was absent.
you can do as you like. I send you \$ 2. & as I am in a
great hurry can write no more. Write by mail if no chance
present. Yes ever Anne.
